South and Central Asia Fulbright Regional Travel Grant

During their grant period, Fulbright Scholars in the South and Central Asia (SCA) region may apply for a regional travel grant to engage in a variety of activities at institutions in eligible SCA countries (India, Kazakhstan, Kyrgyz Republic, Nepal, Republic of the Maldives, Sri Lanka, Tajikistan, Turkmenistan, and Uzbekistan). Activities that U.S. Scholars may engage in include: faculty and student lectures, graduate or faculty seminars, conferences, curriculum development, public lectures, panel presentations, needs assessment, or some combination thereof. Scholars in the arts may be invited to give master classes or recitals, participate in exhibitions or workshops, or consult with cultural institutions. Activities may not include research. This grant will cover travel to and from the destination and lodging may be offered by the hosting institution. It is not necessary to suggest activities nor identify a host for the purpose of the Fulbright application, but scholars may wish to do so pending selection. Scholars may only apply for this grant once in country on their Fulbright grant. As funds are limited, scholars are limited to one such travel grant.

South and Central Asia Fulbright Midyear Conference

With funding provided by the United States Department of State’s Bureau of Educational and Cultural Affairs, the U.S.-India Educational Foundation (the Fulbright Commission in India) invites eligible Fulbright Scholars in the South and Central Asia region to attend the annual South and Central Asia Fulbright Midyear Conference in India in 2022 (usually held in February or March). The conference is an opportunity for current Fulbright U.S. Scholars who are on their Fulbright grants in the SCA region at the time of the conference to gather to discuss each other’s work and educational exchange issues and to invite suggestions for the future development and enhancement of the Fulbright Program. Financial assistance to attend the conference is provided as an additional Fulbright grant benefit.

Degree Requirements

Ph.D. (or other terminal degree) not required

Additional Qualification Information

Candidates with terminal degrees and a minimum of three years of university or college teaching experience are preferred. Professionals and nonacademics will be considered if they have the requisite three years of university or college teaching experience.

Additional Language Requirement

Tajik or Russian language proficiency is recommended for teaching at most Tajik universities outside of English teaching. Tajik State University of Commerce in Khujand and the University of Central Asia in Dushanbe or Khorog offer courses in English.

For research projects, language proficiency sufficient to complete the research project is required; teaching/research applicants must submit a language proficiency evaluation. For applicants without local language proficiency, feasibility of conducting the project must be demonstrated in the project statement.

Invitation Requirement

A letter of invitation is preferred

Additional Comments

Grantee will teach during the academic year (September 2021 through June 2022) in a Tajik university. University classes are generally held Monday through Saturday.

The Fulbright U.S. Scholar will likely be the first American that many Tajik students have ever met and will have a tremendous opportunity to expand cultural understanding.

Due to the low educational standards, the scholar should be prepared to teach students who lag academically behind their American peers.
