International travel: AUD$4,164.00

Candidate Profile
Academics, except early career

Activity
Research

Application Deadline
Tuesday, September 15, 2020

Grant Activity

Undertake research project. It is hoped that this award will provide scholars with an opportunity to contribute to this relationship, and to key research areas at the University of Technology Sydney (UTS). Other activities may include consulting on curriculum, participating in graduate/faculty seminars, and giving guest lectures. All applicants should demonstrate plans for some interaction with UTS faculty and students. Scholars should not teach intensive seminars or coursework.

Applicants must adhere to additional Project Statement requirements outlined in the “Additional Comments” section.

Grant Length
3 to 4 months

Grant Dates

Grants must be started in January/February 2022 in line with the academic year and in order to attend the Orientation Program and Gala Presentation Dinner.

Locations

University of Technology Sydney, Sydney, New South Wales

Flex Option
No

Discipline Type
Applications are sought in all disciplines

Areas of Interest
UTS invites applications for research programs in any field/discipline. Details on the UTS 2027 strategy and approach to connected research can be found here.[2]

Special Features

Fulbright East Asia Pacific Regional Travel Program

Fulbright Scholars in the East Asia and Pacific (EAP) region have the opportunity to apply for funds to support short-term (3-14 days) travel to other countries in the EAP region for activities such as lectures, workshops, graduate or faculty seminars, master classes or recitals, curricular advising or panel presentations. EAP Regional Travel Program funding covers transportation only. Regional Travel Program activities/host sites should not be included in the initial Fulbright application. Scholars may pursue invitations for short-term activities in other EAP countries once notified that they have been selected for a Fulbright grant, and may only apply for travel program funds once they have actively started their Fulbright grant in their host country. Scholars on Flex grants are not eligible for the regional travel grant.

Degree Requirements

Ph.D. (or other terminal degree) required

Additional Qualification Information

Open to senior academics at the level of associate or full professor by the grant start date in the proposed field. If not at the level of associate or full professor at the time of application, but will be by grant start, please include information about your career progression and timeline in the personal section of your project statement.

Those who are permanent residents of Australia, dual citizens of the United States and Australia, or living in Australia at the time of application are not eligible for the Fulbright Program with Australia.

Following the peer review process, short-listed applicants will be invited to a Skype interview with a Fulbright Selection Committee in Australia.

Invitation Requirement

A letter of invitation is required

Additional Comments

Host Institution: Forward thinking and dynamic, the University of Technology Sydney (UTS) is a world-class research-intensive institution with a rapidly growing reputation for its research quality and impact across a wide range of fields. In 2016, UTS was rated Australia’s number one young university in both the Times Higher Education ‘Top 150 under 50’ and QS ‘Top 50 Under 50’ rankings schemes. The development of research areas is important to the bilateral relationship between the United States and Australia.

Project Statement: Applicants must clearly include in their project statement a brief (half page) personal statement to share their story, the trajectory they have followed and their plans for the future. This is separate from the facts present elsewhere in the application and may address their personal history, background, development and the opportunities to which they have, or have not been exposed. Use of headers in the document to identify this section is strongly encouraged.

Special Award Benefits

Travel and accommodation for all Scholars to the Orientation Program and Gala Presentation Dinner.

Access to Fulbright Alumni in Australia prior to arrival to assist in preparation for the visit and while in Australia for social and professional networks.

Access to Australia’s National Health Care Cover Scheme (Medicare) is a benefit for U.S. Fulbrighters in Australia. Please note: Medicare enrolment can be subject to administrative delays. We therefore recommend that Medicare be considered only as supplemental coverage alongside your Fulbright-provided ASPE limited health benefits and your own comprehensive travel insurance and/or personal U.S. medical insurance.

Language Proficiency Requirements
None, English is sufficient
