All teaching will be in English.

For research grant activity, language fluency sufficient to complete the research project is required. Feasibility of conducting research must be demonstrated in the project statement.

**Invitation Requirement**

A letter of invitation is preferred.

**Additional Comments**

Reflections by recent U.S. Scholars to Slovenia:

*My Fulbright experience was absolutely a transformative time in my life, both professionally and personally. Intellectually it was very enriching to be constantly thinking about the law from a comparative perspective, and to learn about the role of legal scholars in European civil law jurisdictions. On a personal level, to see my children not only adapt to but thrive in a new environment, making deep and significant friendships with children of different backgrounds, was one of the most profound experiences I've ever had as a parent. U.S. Scholar, 2015-2016*

*The Fulbright experience has opened me up to so many new possibilities and allowed me to stretch myself professionally. I have made so many great contacts here with professors from around the world that will allow me to continue to expand my horizons and my international teaching experiences. U.S. Scholar, 2016-2017*
