Geoscience/Earth Science

Award Autogenerated Code
10562-EI
Region
Europe and Eurasia
Country
Ireland
Award Type
Fulbright Scholar Award
Number of Recipients
Up To 2
Stipend

Maximum Monthly stipend $3,800 (may fluctuate depending on current exchange rates)

The Commission annually requests that Irish institutions make a contribution to recommended Scholars' grants to maximize the institution's understanding and involvement in the Program and the impact and awareness of the Scholar's visit, as well as to enhance the number of awards that can be offered. The institutions and locations specified in the 2022-2023 awards program have all agreed to make a generous financial contribution to the Scholar's grant.

Candidate Profile
Academics, except early career
Activity Type
Teaching/Research
Application Deadline
Wednesday, September 15, 2021
Award Activity

Duties will vary depending on the host institute, but they should include teaching/research activities in the field of earth science.

Teaching plans should be developed in collaboration with the host institute and point of contact. Topics may be beyond the curriculum currently provided, but they should complement the existing program.

Applicants should be aware of the resources available at the host institute for both teaching and research.

Award Length
10 months maximum
Award Dates

One-semester grants must begin in either September 2022 or January 2023; two-semester grants must begin in September 2022.

Locations

Scholars may affiliate with the Geological Survey Ireland [1] (GSI) or with any appropriate Irish Higher Educational Institute in Ireland.

Applicants intending to base themselves at the GSI will be expected to support teaching programs in one or more Irish Higher Education Institutes (e.g. Universities, Institutes of Technology). The GSI will also support lecturers/researchers visiting Geoscience Departments in Irish Higher Education Institutes.

Flex Option
No
Discipline Type
Only applications in the following disciplines will be considered
Disciplines
Environmental Sciences
Geology

Special Features

The Commission organizes a comprehensive two-day orientation that includes Irish language training and cultural events.

Degree Requirements
Ph.D. (or other terminal degree) required
Additional Qualification Information

Applicants should hold a Ph.D. (or equivalent) in Geoscience or a related subject and should have teaching experience.

Applicants should have a record in research activities, including mentoring students, and a minimum of three peer reviewed publications independent of their Ph.D. supervisor.

Invitation Requirement
A letter of invitation is preferred.
