Activity Type
Teaching
Teaching/Research
Application Deadline
Wednesday, September 15, 2021
Award Activity

The award holder will be expected to teach one regular course for undergraduate/graduate students as well as a more specialized seminar for PhD students at the Faculty of Architecture of the Tadeusz Kosciuszko Cracow University of Technology (PK). The awarded scholar will be encouraged to give talks at PK Faculty of Architecture as well as participate in collaborative research with PK scholars. Preferred division of responsibilities between the two activities in case of teaching/research awards is 50% teaching and 50% research.

Award Length

Four, five or nine months
Award Dates

Award is offered for **4, 5 or 9 months (a semester or an academic year).**

Since the academic year in Poland starts in October, grants cannot start prior to that date. One-semester grants must begin either in October 2022 or February 2023; two-semester grants must begin in October 2022.

Locations

Tadeusz Kosciuszko Cracow University of Technology [1], Faculty of Architecture [2]

Flex Option
No
Discipline Type
Only applications in the following disciplines will be considered
Disciplines
Architecture
Urban Planning
Degree Requirements
Ph.D. (or other terminal degree) required
Additional Qualification Information

This award is intended for eminent scholars with an excellent record of publications in their respective fields, significant teaching experience, and experience mentoring PhD students. The candidates should be academics with at least M.Arch or M.S. in Arch Design and have preferably 10 or more years of teaching experience.

Additional Language Requirement

Additional language study would facilitate contacts with professionals at the host institution and would enable deeper engagement within the community and general well-being in the host country. We also recommend that candidates familiarize themselves with the culture of the host region. Therefore, prior language study is highly recommended.

Invitation Requirement
A letter of invitation is preferred.
Additional Comments

Cracow University of Technology comprises 8 faculties (departments):

Architecture
Chemical Engineering and Technology
Civil Engineering
Computer Science and Telecommunications
Electrical and Computer Engineering
Environmental and Power Engineering
Materials Engineering and Physics
Mechanical Engineering

Cracow University of Technology offers **numerous English-taught bachelor** (http://iro.pk.edu.pl/bachelors-degree/ [3]) **and master programs** (http://iro.pk.edu.pl/masters-degree/ [4]) **as well as courses** (http://iro.pk.edu.pl/incoming-exchange-students/ [5]). Some programs are organised along with foreign universities, thus enabling students to earn a double degree. All programs comply with the national legislation governing university education and are, therefore, recognised globally. Cracow University of Technology is a member of the **European University Association** (EUA) and there are plenty of state-of-the-art accredited laboratories at PK.

Programs offered by the Faculty of Architecture and the Faculty of Civil Engineering are accredited by the **European Network for Accreditation of Engineering Education**. Moreover **the bachelor and master programs in architecture and landscape architecture are accredited by the Royal Institute of British Architects and the International Federation of Landscape Architects (IFLA) Europe** respectively. Detailed information on mission and strategic goals of the PK Faculty of Architecture is available on http://arch.pk.edu.pl/en/faculty/about-the-faculty/mission-and-strategic... [2]

Cracow University of Technology was awarded the **Logo Human Resources Excellence in Research** by the European Commission. The University cooperates with more than 170 international universities and institutes from more than 50 countries (http://iro.pk.edu.pl/international-cooperation/ [6] and http://erasmus.pk.edu.pl/o-programie/uczelnie-partnerskie/ [7]) including the U.S.A. It has a strong 30-year-long **cooperation with the European Organization for Nuclear Research** (CERN). Researchers from Cracow University of Technology participated in the design and launch of the world's largest

scientific instrument, which is the Large Hadron Collider.

Cracow University of Technology has an extensive cooperation with companies such as: Microsoft, IBM, NOKIA, Motorola, CISCO, COMARCH, Caterpillar, Delphi or Strabag, and there is a technology transfer centre at the University. Cracow University of Technology's students and alumni find professional jobs in regional, national and global companies.

Cracow University of Technology is one of the best public technical universities in Poland with a 75-year tradition of educating engineers. It is ranked in the following **international rankings**:

- Shanghai Ranking's Global Ranking of Academic Subjects 2019 and 2020 – Mechanical Engineering (#301 – 400)
- THE World University Rankings 2021 (#1001+)
- THE World University Rankings 2021 by subject:

Computer Science (#601–800)
Engineering (#801–1000)
Physical Sciences (#1001+)
- QS World University Rankings:

2021 QS World University Ranking (#801-1000)
2020 Emerging Europe and Central Asia University Rankings (#79)
- The Three University Missions Ranking 2020 (#1101 – 1200)
- 2020 Webometrics Ranking of World Universities (#1205)
- UI GreenMetric World University Ranking 2018 (#572)
- U-Multirank
