Special Features
Fulbright East Asia Pacific Regional Travel Program

As conditions allow, Fulbright Scholars in the East Asia and Pacific (EAP) region may have the opportunity to apply for funds to support short-term (3-14 days) travel to other countries in the EAP region for activities such as lectures, workshops, graduate or faculty seminars, master classes or recitals, curricular advising, or panel presentations. EAP Regional Travel Program funding covers transportation only. Regional Travel Program activities/host sites should not be included in the initial Fulbright application. Scholars may start the process of seeking out invitations for short-term activities in other EAP countries once notified that they have been selected for a Fulbright grant but will only be able to apply for travel program funds, conditions permitting, once they have actively started their Fulbright grant in their host country. Scholars on Flex grants are not eligible for the regional travel grant.

Degree Requirements
Ph.D. (or other terminal degree) required

Additional Qualification Information
Open to applicants who have completed their Ph.D. within the last five years; those with more recently completed degrees preferred. Applicants must attain their doctorate by the proposed start date of their grant.

Following the peer review process, short-listed applicants will be invited for a video interview with a Fulbright Selection Committee in Australia.

Those who are permanent residents of Australia, dual citizens of the United States and Australia, or living in Australia at the time of application are not eligible for the Fulbright Program with Australia.

Invitation Requirement
A letter of invitation is required.
