**Additional Comments**

All applications from administrators, professors, and staff in international education will be considered.

The program is not intended as a vehicle for initiating or implementing a U.S. institution's linkage programs, student recruitment, or the establishment of branch campuses because this program has a demanding and intensive pre-arranged schedule including frequent campus tours. There is little time available for individual projects or appointments, unless undertaken before or after the program at the grantee's expense.

Participants will be asked to submit an evaluation at the end of their program.

Accompanying dependents are not permitted.
