Academics, all levels including early career
Postdoctoral

Activity
Teaching/Research

Application Deadline
Tuesday, September 15, 2020

Grant Activity
A flexible combination of teaching and research activities that entail teaching a minimum of two courses (classes meet once a week for 90 minutes) in one of the master's programs offered at the Salzburg University of Applied Sciences in the fields of specialization listed below. Grant-related activities may also include advising or supervising advanced students as well as developing joint research projects with faculty. The format and content of individual courses and research objectives are negotiated on a consensual basis with the host institution, contingent upon its needs and the grantee's interests and expertise.

Grant Length
Four months

Grant Dates
Grant should begin on either October 1, 2021 or March 1, 2022.

Locations
Campus Urstein or Kuchl at the Salzburg University of Applied Sciences

Flex Option
No

Discipline Type
Only applications in the following disciplines will be considered

Disciplines
Agriculture
Areas of Interest

Applied image and signal processing, business administration, design and product management, forest products technology and management, human-computer interaction, innovation and management in tourism, information technology and systems management, multimedia art, multimedia technology, social innovation, and smart buildings in smart cities.

Degree Requirements

Ph.D. (or other terminal degree) required

Additional Qualification Information

Open to faculty of all academic ranks with a Ph.D. Several years of teaching and research experience in relevant fields is preferred.

Additional Language Requirement

Lecturing is in English; some knowledge of German is desirable but not required. For research, foreign language proficiency sufficient to complete the proposed project is required (unless it can be conducted in English). For applicants without local language proficiency, feasibility of conducting the project must be demonstrated in the project statement.

Invitation Requirement

A letter of invitation is optional

Additional Comments

The Salzburg University of Applied Sciences is seeking candidates with expertise related to its areas of specialization and to instruct in corresponding master's programs as stated above. Consult Salzburg University of Applied Sciences' website [3] for more information about the host institution and individual master's programs. This award is generously funded by the host institution.
